

RAGUL B

Business Analyst | Data Science Graduate

Bengaluru, India | raghuldominick07@gmail.com | +91 63812 81414 | linkedin.com/in/ragul-b-058155281 | github.com/24msrds

SUMMARY

Data Science postgraduate and Business Analyst with hands-on experience translating complex, large-scale datasets into clear, decision-ready business insights. Skilled in requirement gathering, stakeholder communication, KPI definition, and building Power BI/Excel-based reporting solutions that support data-driven decisions. Experience spans financial data analysis, workforce and operations analytics, and process automation. AWS Certified Cloud Practitioner.

EXPERIENCE

Business Analyst Intern (Data Analytics)

Share Market Profile — Coimbatore, India | Jun 2025 – Aug 2025

- Partnered with business stakeholders to gather reporting requirements and define key metrics, translating raw financial data into decision-ready insights for a 4-member leadership team.
- Queried and analysed 10,000+ records using SQL and Python (Pandas, NumPy), applying ETL-style extraction and transformation to surface pricing movements, correlations, and behavioural patterns.
- Built Power BI dashboards and Excel-based reports with pivot tables and KPI scorecards for real-time, recurring stakeholder reporting.
- Identified and resolved data quality issues through systematic validation, reducing defect rates by ~25% and improving reporting accuracy.
- Delivered all analytical outputs on schedule within a cross-functional Agile squad.

PROJECTS

HR Analytics Dashboard | Python, Power BI, DAX, Power Query, Excel

- Consolidated 1,470 employee records into a 3-page Power BI dashboard, defining KPIs and dimensions with 6+ DAX measures to surface attrition drivers such as overtime and department trends.

Payroll Attendance Monitoring System | Power BI Desktop, Power Automate Desktop, Excel

- Automated attendance and payroll data consolidation from multiple source files using Power Automate Desktop, eliminating manual entry, and built a real-time Power BI dashboard tracking absenteeism, overtime, and payroll discrepancies.

Virtual Server Monitoring & Performance Optimization | Python, Pandas, SQL, SQLite, Power BI

- Built an ETL pipeline processing 5,000+ server log records across 10+ VMs; threshold-based anomaly detection cut issue-identification time by 60%, with an 8-visual Power BI report cutting manual oversight by 40%.

ODI AI Team Selector | Python, PySpark, Scikit-learn, FastAPI, Plotly

- Analysed 50,000+ historical records with PySpark, engineering 10+ performance metrics and a composite scoring model for objective, data-driven decisions — presented as a research paper at INFUSE 2025, Jain University.

TECHNICAL SKILLS

Business Analysis: Requirements Gathering, KPI Definition, Stakeholder Reporting, Process Improvement, Agile

Reporting & BI: Power BI (DAX, Power Query), Tableau, Excel (Pivot Tables, Advanced Functions), Plotly

Data & SQL: SQL (Joins, CTEs, Window Functions, Aggregations), ETL, MySQL, PostgreSQL, SQLite

Programming: Python (Pandas, NumPy, Scikit-learn), PySpark, R

Cloud & Tools: AWS Certified Cloud Practitioner, Git, GitHub, Jupyter Notebook, Power Automate

Soft Skills: Analytical Thinking, Communication, Decision Making, Attention to Detail, Time Management

EDUCATION

M.Sc. Data Science and Analytics — Jain (Deemed-to-be University), Bengaluru | 2024 – 2026 | CGPA: 7.3/10

B.Sc. Computer Technology — Hindusthan College, Coimbatore | 2021 – 2024 | CGPA: 7.9/10

CERTIFICATIONS & LANGUAGES

AWS Certified Cloud Practitioner | IBM Data Science Professional Certificate | INFUSE 2025 International Conference — Paper Presentation, Jain University

Languages: English | Tamil | Kannada
